PROFILE SUMMARY

React Developer with 1 year 9 months of experience in building scalable and high-performance web applications. Proficient in ReactJS, TypeScript, and Redux, with expertise in integrating RESTful APIs, optimizing performance, and delivering responsive UI/UX. Passionate about solving real-world challenges, improving application efficiency, and collaborating in Agile teams.

TECHNICAL SKILLS

Core Technologies: ReactJS, JavaScript, TypeScript, Redux, HTML5, CSS3
UI/UX & Design Tools: Styled-Components, Bootstrap, Figma, Adobe XD
State Management: Redux, Context API
APIs & Backend: RESTful APIs, Node.js (Basic)
Tools & Libraries: Chart.js, Axios, React Router, Git
Additional Skills: Responsive Design, Code Reviews, Performance Optimization, Debugging Tools

---

PROFESSIONAL EXPERIENCE

Frontend Developer | Decode Solutions Private Limited | Hyderabad

June 2023 – Present

- Developed scalable web applications using ReactJS and Redux, ensuring high performance and responsive designs.
- Designed and implemented reusable components with Styled-Components for a consistent and scalable UI.
- Integrated RESTful APIs with optimized response handling and caching for real-time data fetching.
- Enhanced application responsiveness using custom media queries and Bootstrap.
- Conducted code reviews to maintain quality and adherence to best practices.
- Collaborated in Agile teams, contributing to sprints and iterative improvements aligned with client needs.

KEY PROJECT: E-Commerce Web Application

Overview:
A comprehensive online shopping platform featuring seamless product browsing, cart management, secure checkout, and insightful sales analytics through dynamic visualizations.

Core Features & Contributions:

- **Feature Development:** Built dynamic product listing, cart management, and a smooth multi-step checkout process.
- **API Integration:** Integrated RESTful APIs for real-time product updates, enhancing user interactivity.
- **State Management:** Implemented Redux for efficient global state management (cart, filters, sorting).
- **Component Design:** Developed modular, reusable components with Styled-Components for scalability.
- **Sales Analytics:** Created interactive brand heatmaps and bar charts using Chart.js for real-time sales tracking.
- **Tools Used:** React Router, Axios, Styled-Components, Redux, Chart.js.

EDUCATION

- **B.Tech in Information Technology** – Kakatiya University (2019–2022) – 65%
- **Diploma in Mining Engineering** – SBTET (2016–2019) – 75%
- **SSC** – St. Mary's High School (2016) – GPA: 7.7

CERTIFICATIONS

- **Full-Stack Web Development Training | Inspanner Academy**
  Hands-on experience in building responsive web applications, API integrations, and state management.
- **Web Development Bootcamp**
  Developed projects using React.js, focusing on scalable architecture and modern UI/UX.
